WHEN: Starting September 1st, purchases of common office supplies will be made through The Supply Room. Department purchasers will receive training and additional information in September. The contract applies to all units and schools in the University academic division (excludes the Medical Center).

HOW:
- Purchasers will buy supplies as they do today - utilizing the UVA Marketplace catalog. The Marketplace catalog will display the Supply Room’s BEST VALUE icon for 500+ frequently purchased items at the top of the page. These supplies are under contract and provide the greatest savings.
- All purchases from the Supply Room will be exempt from eVA fees, further reducing departmental costs and the effort of reconciliation.
- If a purchaser needs a specialty item not listed in the UVA Marketplace, the purchaser contacts the Supply Room to determine if a similar or alternate item can be accommodated and if not, then the purchaser will purchase from another vendor.
- Department feedback on vendor quality and performance will drive vendor improvement efforts.
- Departments will receive office supply expenditure reports.
- Procurement and Supplier Diversity Services will monitor institutional spend to ensure adherence and continuous improvement of the office supply purchasing process.
